

Elmore Planning Commission Meeting

March 3, 2021 6:00pm

Virtual

Attendance: Kate Sprague, Glenn Schwartz, Don Valentine, Hans de Boer, Bruce Olsson, Michelle Greeson

Ongoing Business:

- Grant Opportunities:

- RiseVT: Glenn is keeping up with this, not available yet, not sure when or if it will happen this year.
- 3-4-50: \$500 grants need to be used by May. Maybe use for 5k to buy snacks or something else that can be purchased ahead of time. Glenn and Bruce will look into options.

-5k: Counting on it happening this year, no plastic water bottles.

- Walking Path Update: Kate mailed the proposal letter and map to the Allens, she will give them a call in Late April or May.

- Internet update: More money and grants available to cv fiber, they are continuing to move forward on a 4-5 yr timeline, Elmore is still at the end. Starlink is a viable temporary option at \$500 fee for equipment then \$99/ mo.

-Future Park: SB was looking at the recently auctioned piece of property across from Camp rd, but it was going to cost too much for access (\$80k) and had too much wetland. Town is still looking for a suitable location for the new garage. Existing town garage area may be available for a town park in future.

New Business:

-Updates from Town Meeting: 16 people at info meeting, no major questions, quick.

-Private airstrip and helipad zoning: not a problem yet, keep it in mind for future zoning amendments.

Meeting adjourned @ 6:40

Next Meeting: April 7 @ 6:00pm Virtual

Next Month Agenda:

Grant Updates
