

Planning Commission

12/21/16

Attending: Kate Sprague, Phil Dudley, Chris Jolly, Kevin Burke, Jenifer Andrews, Meghan Rodier from LCPC

Chris and Kevin will send letters of interest to Selectboard in order to officially be considered for appointment.

Since our Municipal Planning Grant application was rejected, Meghan helped us understand what things she could actually help us with as we update the town plan.

- update maps
- update tables
- help writing the Flood Resiliency chapter
- help writing the Energy Plan chapter

The timeline for this help will be January to June.

PC brainstormed ideas for ways to raise money to help towns people weatherizing their homes. One idea was to ask town to consider one or two cent tax.

Perhaps we could have a questionnaire on our website in order to illicit ideas in regards to energy goals both now and in the future.

Identify grants available for municipal buildings for energy updates.

In preparation to write Elmore's Energy Plan, all PC members will read Benningtons town plan and come prepared for discussion.

Next meeting: January 25, 6 pm, town clerk's office
